

Nobivac[®] DHP

Page 1 of 4

Section 1: Identification of the Substance and Supplier

Product name	Nobivac DHP
Recommended use	Vaccine for veterinary use in dogs.
Company details	Intervet/Schering-Plough Animal Health Limited 33 Whakatiki Street, Upper Hutt Phone: 0800 800 543, Fax 0800 808 100 Website: www.intervet.co.nz Hours 8am – 5 pm, Mon – Fri
Emergency telephone	0800 764 766 (0800 POISON) 24 hours human health 0800 243 622 (0800 CHEMCALL) 24 hours
Date of preparation	May 2009

Section 2: Hazards Identification

Hazard classifications	This product is non-hazardous as it does not trigger any of the minimum degrees of hazard under the HSNO Act 1996.
------------------------	--

Section 3: Composition/Information on Ingredients

Chemical name	CAS number	Concentration
Canine distemper virus (live) strain Onderstepoort	-	At least 10 ⁴ TCID ₅₀ per dose
Canine adeno virus type 2 (CAV ₂) (live) strain Manhattan LPV ₃	-	At least 10 ⁴ TCID ₅₀ per dose
Canine parvo virus (live) strain 154	-	At least 10 ⁷ TCID ₅₀ per dose

Section 4: First Aid Measures

Necessary first aid measures	ACCIDENTAL SELF-INJECTION: Wash and disinfect wound area, seek medical advice immediately and show package leaflet or this SDS to doctor.
	SKIN CONTACT: In case of skin contact, while wearing protective gloves, carefully remove any contaminated clothing, including shoes, and wash skin thoroughly with soap and water. If irritation or symptoms occur or persist, consult a doctor.
	EYE CONTACT: In case of eye contact, immediately rinse eyes thoroughly with plenty of water. If wearing contact lenses, remove only after initial rinse, and continue rinsing eyes for at least 15 minutes. If irritation occurs or persists, consult a doctor.
	INGESTION: Rinse mouth and drink a glass of water. Do not induce vomiting unless under the direction of a qualified medical professional or Poison Control Centre. If symptoms persist, consult a doctor.
Required instructions	For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor.
Notes for medical personnel	There is no evidence that this strain of distemper virus is pathogenic to humans. Contamination of the needle must be considered.

Nobivac[®] DHP**Section 5: Fire Fighting Measures**

Type of hazard	Not classified as flammable
Fire hazard properties	Not applicable
Regulatory requirements	Not applicable
Extinguishing media and methods	Carbon dioxide (CO ₂), extinguishing powder water spray. Water mist sprays are preferable for fire fighting to contain the spread of the virus.
Hazchem code	None allocated
Recommended protective clothing	Wear self-contained breathing apparatus (SCBA) plus protective gloves.

Section 6: Accidental Release Measures

Emergency procedures	Prevent further spillage. Treat vaccine spills with an approved disinfectant and allow sufficient time for inactivation before cleaning. Then wash down the area with copious amounts of clean water.
----------------------	---

Section 7: Handling and Storage

Precautions for safe handling	Avoid self injection, contact with skin and eyes. Keep containers adequately sealed during material transfer, transport, or when not in use. See Section 8 (Exposure Controls) for additional guidance.
Regulatory requirements	Not required
Handling practices	Avoid contact with skin. Keep containers adequately sealed during material transfer, transport, or when not in use.
Approved handlers	Not required.
Conditions for safe storage	See below.
Store site requirements	Store between 2 and 8°C. Do NOT freeze. Keep out of reach of children.
Packaging	Schedule 4

Section 8: Exposure Control/Personal Protection

Workplace exposure standards	Not applicable.
Application in the workplace	Ensure adequate ventilation. Keep container sealed when not in use.
Exposure standards outside the workplace	No TEL is set for this substance at this time EEL – not applicable
Personal protection	Wear chemical resistant gloves, facemask or goggles.

Nobivac[®] DHP**Section 9: Physical and Chemical Properties**

Appearance	Milky-white solid, freeze dried pellet (reconstituted with a diluent)
Boiling Point	Not applicable
Melting/Freezing point	Not applicable
Vapour Pressure	Not applicable
Specific Gravity	Not available for reconstituted vaccine
Solubility (H ₂ O)	Partly soluble
Percent Volatiles	Not determined
Evaporation Rate	Not determined

Section 10: Stability and Reactivity

Stability of the substance	Stable under recommended storage conditions.
Conditions to avoid	Avoid high temperatures
Material to avoid	Avoid food products
Hazardous decomposition products	No dangerous decomposition is expected if used according to manufacturer's specifications.

Section 11: Toxicological Information**Acute effects for individual ingredients only**

TEL	No TEL is set for this substance at this time.
-----	--

Chronic/long term effects for individual ingredients only**Section 12: Environmental Information****Effects for individual ingredients only.**

EEL	Not applicable.
-----	-----------------

Nobivac[®] DHP**Section 13: Disposal Considerations****Disposal information****Disposal**

Unused vials should be autoclaved or incinerated before discarding.

Container Disposal

Discarded vials, containers and needles should be placed in a designated, labelled biologicals container. If not available bury in an approved landfill or other approved facility.

Section 14: Transport Information**Relevant information**

Not classified as a dangerous good for transport

Section 15: Regulatory Information**Regulatory status**

ACVM registration number: A005526.
For conditions of registration see www.nzfsa.govt.nz/acvm

Approval not required under the HSNO Act 1996.

Prescription Animal Remedy (**P.A.R**) Class I. For use only under the authority or prescription of a veterinarian.

Section 16: Other Information**Additional information**

Nobivac is a registered trademark of Intervet International B.V.
